Outside Magazine Names Redspin, Inc. as ONE OF AMERICA'S BEST PLACES TO WORK IN 2009

Redspin To Make Outside Magazine's "Best Places to Work" List – Ranked at #13

FOR IMMEDIATE RELEASE
April 9, 2009

Carpinteria, CA, April 9, 2009 — Redspin, Inc. today was named to Outside magazine's (www.outsideonline.com) second annual "Best Places to Work" list. Redspin was ranked No. 13 out of 30 selected companies. The full list and related story will be published in the May issue of Outside magazine, available on newsstands April 14, 2009.

"We're excited to be recognized for creating a work environment that values personal lifestyle in parallel to delivering top quality work for our clients," said CEO John Abraham. "Not only is it a competitive advantage, but it's really fun to be surrounded by a world-class security team that values surfing, paddling, volleyball and mountain biking."

Outside's "Best Places to Work" list was compiled with the help of the Outdoor Industry Association (outdoorindustry.org) and Best Companies Group (bestcompaniesgroup.com). The year-long selection process began with an outreach effort that identified a wide range of non-profit and for-profit organizations with at least 15 employees working in the United States. Participating companies were then sent confidential employee-satisfaction surveys and employer-questionnaires to collect information about benefits, compensation, policies, job satisfaction, environmental initiatives, and community outreach programs. All of the results were analyzed by Best Companies Group experts, who selected the top 30 companies that best enable employees to balance productivity with an active, eco-conscious lifestyle.

"I'm proud to work at Redspin because we give to Heal the Bay, Heal the Ocean, 1% for the planet, and the Environmental Defense Center," said Matt, from the Redspin team. "I also like that I'm given the time and leeway to do some of my own research when I come up with a good idea."

"These 30 companies share a common belief: that the secret to success in any economy is empowering employees to live balanced lives and remain committed to their communities and the environment," said Michael Roberts, Executive Editor of Outside. "Our winners know that happy workers are good for the bottom line. So even in the current financial storm, they're offering on-site fitness classes and massage, reimbursements for gym memberships and ski passes, flexible hours, amazing travel benefits, and opportunities for on-the-clock community service."

"There is no better team building exercise than to hit the beach volleyball court with guys that can hack better than they spike." Says Brian Hayes, Redspin CTO.
